### L'Echo p.3 - The Brussels city administration expected to move to the North district

The expected move of the city of Brussels administration to a centralized location triggered lots of speculations on which building would be chosen (de Ligne, Parking 58, RAC were among names quoted). It seems now that the City of Brussels administration will move to the Noord Building, property of Befimmo (Add) and currently housing a Flemish administration till 2017.

Our take: very positive news for Befimmo obviously. Still, given its superb location we were not that worried about it.
